

NEW APPOINTMENTS

NEW REGIONAL OFFICER SOUTH

in July of this year and have found great belonging as a member already. My disdain and utter contempt for the cancer that is liberalism first led me to the #freekekistan 4chan movement of the alt right. I became fascinated with the work of Sir Oswald Mosley and have found him to be a great man and has been a huge inspiration for me personally.

PAUL YOUNG

My name is Paul Young. I'm 30 years old and I live in Surrey county England.

I'm currently unemployed although I am committed to doing volunteer work and enjoy contributing to my community by other means.

I have an NVQ level 2 in Barbering, 'A' level in Health & Social Care. I also have a keen interest in studying the Japanese language which I have self taught for a number of years. Lately I have recently developed an interest in pursuing a career in photography.

I joined the New British Union

hence my passion to get involved with the New British Union.

Aside from politics, I study mathematics at University, and my hobbies include musical composition, video editing and writing.

JACK WILLIAMS

UK YOUTH OFFICER

Over the last few years, the ever-rapid degeneration of the very fabric of our society has triggered a panic within me; only the literature of Oswald Mosley was able to somewhat quell it, assuring me that a solution did indeed exist to the afflictions of our nation. But although the medicine had been created to abate the spread of the cancer eating away at the West, it had not and has not yet been administered -

A SHORT HISTORY OF CANADIAN FASCISM AND THE CURRENT STATE OF CANADA

In the 1930's, there were three fascist parties in Canada: the Canadian Union of Fascists, formerly named the British Empire Union of Fascists, (a Mosleyite party allied to the British Union of Fascists), the Parti National Social Chrétien (the National Social Christian Party) in Quebec, which looked to protestant Anglo-Canadian membership under the name the National Unity Party of Canada. The NUPC was the largest and most successful of the three parties. Lastly, was the Canadian Nationalist Party.

All three parties had a vision of an all-white, all-Christian Canada. As such, they were little troubled by the government or the people of Canada, who by nature resented semites, communists and the immigration of the asian horde into British Columbia. In Ontario and the prairie provinces, the Klu Klux Klan had a large membership. Although not fascist in nature, the Klan vehemently opposed foreign immigration.

The security section of the Royal Canadian Mounted Police kept a watch on all

fascists in Canada but did little in the way of interference.

"As Europe marched toward a second world war, the Canadian fascists were more closely watched by the state. Having said that, when war was declared and the authorities set about corralling (the fascist parties), their enthusiasm for doing so seems to have been lukewarm. Several facts may explain the tempered response to fascists that contrasts so sharply with police and state commitment to putting down communist movements. First, the authorities and the fascists shared a dislike of the socialists and communists. Second, German settlers enjoyed a largely favourable reputation in Canada, despite the xenophobia stirred up by the Great War, so even ethnic pro-Hitler groups like the Deutscher Bund Kanada might be treated with kid gloves. Third, anti-semitic sentiments were almost ubiquitous among Catholic and Protestant Canadians so this (policy) of fascism did not set off alarm bells."¹

So moderately were the fascists treated that the

¹Lita-Rose Betcherman, *The Swastika and the Maple Leaf: Fascist Movements in Canada in the Thirties* (Don Mills: Fitzhenry & Whiteside: 1975), ppg. 138-43.

leader of the NUPC survived the war to run in several more elections after 1945.

As evidence of the anti-semitism in Canada, in 1939, the Prime Minister, William Lyon MacKenzie King, and his immigration Minister Frederick Blair, refused to allow 907 Jews into Canada from the ship St. Louise, which had sailed from Hamburg as the Jews tried to escape German persecution. The captain also tried to land them in Cuba, and other Caribbean ports and even the U.S.A., but was refused by all. On return to Europe they finally were allowed to land in Belgium only to be over-run by the invading Germans. 254 of those arrested died in concentration camps.

Fast forwarding to the early 1960's, as a young school boy, I had never seen a negro and in my school there were two East Indians and perhaps eight Chinese students. In other words most Canadians were of European descent.

Then in 1968, the Liberal government of Pierre Trudeau took power. He stayed for four terms until 1984 and destroyed the integrity of the population of Canada. Today, his son is now Prime Minister, and he continues his father's corrupt ways - destroying Canada and its British heritage.

NEW BRITISH UNION – NEW BRITISH FASCISM – NEW BRITISH HOPE

In schools now, there are few European descendants, most students are Chinese or Southeast Asian, Muslim, West Indian, black and that ilk. When schools let out you do not hear any English being spoken, just foreign unintelligible babble.

I have been interested in fascism for over 50 years and have studied Sir Oswald Mosley in detail, and the benefits he could have brought to Britain. His forward innovative thinking, so uncharacteristic of the Conservative, Labour and Liberal parties of England, still affects us. The Brexit vote to leave the E.U. was just what he would have favoured. His concept of "Europe a Nation" would have assured sovereignty for each nation, but provided a framework within which unified defence and overall government for Europe would have stopped all wars and stopped immigration of foreign elements that have placed us all in danger of being submerged in our own countries.

Canada is now following in Britain's footsteps. The recent immigration of 25,000 Muslims by order of Trudeau, the Younger, only means that here too, all white European Canadians will be a minority in their own country in but a few decades.

I strongly support our Leader, Gary Raikes, in his picking up the torch passed from Sir Oswald Mosley to him. It is only by united action that change can be had. Blackshirts unite. In Britain, Canada, the USA and elsewhere, we must all work to end immigration of non-Europeans.

Hail The Leader

David Clark, U.E.

HOW TO BE FASCIST

Fascism is an oft-misunderstood ideology, equated with war and violent tyranny. Both the modern-day left and right wings use it as a buzzword for anything that they consider to be threatening, be it increased state authority or socialized medicine. Fascism is some ways quite a visionary ideology, but is also quite traditionalist, built around the principles of nationalism, authoritarianism, and mass action. As a totalitarian

ideology, it embraces the State as an organic and all-encompassing entity, and demands the mass mobilization of the populace to actively participate in the running of their State.

Read up on the writings of Fascist authors and of those who inspired them.

Enrico Corradini, Julius Evola, and Corneliu Codreanu are all excellent sources on Fascist/proto-Fascist ideology. Among the more philosophic roots of Fascism are rejection of decadence and materialism, and the value of action over compromise. Fascism views life as a constant struggle, and so to be a Fascist is to be a human of strength and willpower.

Read up on your own country's history.

To apply Fascism, one must have a spirit of Nationalism - valuing the legacy of your country's people, and putting their interests before yourself and before the rest of the world. Take pride in your ancestor's accomplishments, and strive to do good in their name and uphold your country's noblest traditions. Action begins at the local level, so find opportunities to volunteer around town. In Fascism, what is good for the community is good for the People and the State.

NEW BRITISH UNION – NEW BRITISH FASCISM – NEW BRITISH HOPE

Understand how Fascism differs from both modern left-wing and right-wing thought.

Fascism rejects electoral democracy, because it sees democracy as simply enabling politicians to lie to the people to get in power, and thus the leaders do not truly represent the People. Instead, Fascism believes in putting together a system where those fit to rule ensure that power stays in the right hands, and so power is passed through a dynastic or oligarchic system. Understand that in a Fascist country, you will not always get to vote for your leader, but your voice can still be heard in public forum meetings or referendums, for example.

Understand the economics of Fascism.

Fascism rejects Capitalism on the grounds that it is too individualistic and that wealthy corporations will abuse their power, such as underpaying workers or outsourcing jobs. However, Fascism also rejects Communism on the grounds that it does away with private property and thus the incentive to work completely, as well as promoting the notion of class warfare. Instead of class warfare Fascism believes in class collaboration - the different classes must all work together to help strengthen their community and their State. Fascism advocates a mixed economy where people can

own property and open their own businesses, but major corporations must always be answerable to the will of the State, and must always serve the common good of the People.

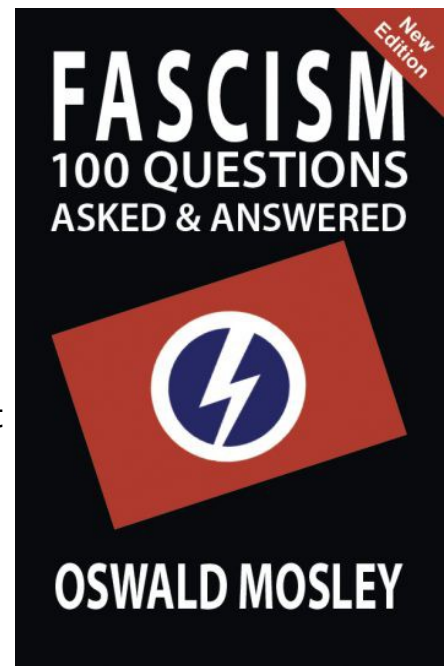

Understand how Fascism views war. In Fascism, war is not always promoted, but it is seen as something that can't always be avoided. Fascism views war as acceptable in defense, but also as a valid option for securing natural resources and land for the good of the people. Fascism sees war as an opportunity for the People to mobilize around a common goal and achieve victory, and so a strong military is always a must.

Why not treat yourself

<http://newbritishunion.co.uk/nbu-store.html>

After World War Two, 'fascist' became the F word of political debate to be applied liberally against anyone who left-wing polemicists disliked. But what did it really mean and what did its British supporters really stand for?

In this pre-War book written in convenient Question and Answer form by Oswald Mosley, the Leader of the British Union of Fascists challenges the simplistic nature of the stereotypical image.

It acknowledges that if he had been elected to power political party warfare would have been brought to an end. Instead of voting for different party labels General Elections would be based on an occupational franchise.

HAVE YOUR SAY

Message: God Bless You.

I am an American with English blood and am SICK of what is happening to the great nation of England and Great Britain.

I just wanted to write to you to tell you that you have MANY like-minded people in the United States who agree with you and support you, even though we are helpless to affect change in your country and our media will never express our opinions. I am talking about MILLIONS of Americans who watch the daily news and see what is happening in England and become sick to the stomach. Americans are your silent majority. We are your greatest ally and best friend and absolutely DISGUSTED at what is happening to your country. If you don't believe me, then why did we elect Donald Trump? We want and love Nigel Farage and wish

more Englishmen were like him.

We want an England for the English, a Britain for the British. As Sir Mosley said, we are not against other races, but when you put them in the same bag and shake them up, you get nothing but disaster.

TAKE BACK YOUR COUNTRY, ENGLAND! PLEASE!

GOD BLESS THE UNITED STATES AND GOD BLESS ENGLAND!

In Brotherhood,

A Concerned American

Message: Good afternoon,

I have spent quite some time today reading your policies and am delighted to find a movement which is actually based on common sense; not ridiculous and self serving ideology. Throughout the past 10 years I have found my political affiliation in a state of chaotic flux because it has been almost impossible to identify with one particular party. It is for this reason I particularly appreciate the suggestion of the "third way" which is an idea that is very rarely grasped upon, even by the smaller political groups within the UK. I would certainly like to know more about the activities you undertake and whether there is any current plan to register

as an official political party. I look forward to hearing from you.

Message: I wish to join because my family are of Maltese Origin and they moved to the UK making this land my home, my point is to this is that the UK is suffering a Ethno-Masochistic regime supported by centralised bankers who adhere the destruction of the west and the genocide of the British people.

The real threat alongside is the liberals who have suffered Stockholm Syndrome at the mercy of the enemy and I wish to take a stand against it along will many others.

Message: Hello.

My name is Adam Lacey, i am originally from an old market town called Worksop. I am now situated in Lincoln.

I am in full time work, I have a lovely partner and a caring family. I stand by my family and i want what is best for my family. I want a life where we can all be treated fairly. I want there to be a structure to our lives, a structure of which will allow us to live peacefully and safely.

I oppose Zionism. I oppose the elite. I oppose the financial order to delegate what I can and can't do.

I believe Britain can be great again. I want in.

Kind regards,

A concerned British citizen.

Message: My grandfather recently died and I inherited his books on Sir Oswald Mosley. Reading them has been a real eye opener, I always knew my grandad was right!

NT staff should not have to push gay liberalism.

Homosexuality laws were relaxed in 1967 and few folks would want to change the laws now. But do we have to be pestered by so many marches, badges and demonstrations. Why can't they just get on with it, if they must?

I have always admired the National Trust for looking after so much of our heritage and yet what did we see last week?

Unpaid volunteers at the 1600s Felbrigg Hall in Norfolk were told they must wear rainbow badges and lanyards insupport of gay pride! Surely these good folk do enough showing their pride for our nation's history. Without them the trust would not be here. They should not be forced to parade support for "gay rights" in public. Such coercion is typical of modern

"liberalism".

However a backlash from many of the volunteers who threatened to resign and many members who tore up their membership cards forced the National Trust to back down. Well done to the members and volunteers.

Thanks so much –Blackshirt just seems to get better all the time! Couldn't help but notice a couple of things ... first, the really cool white-on-black T shirts one of the guys is wearing. Is that one of yours? Available?

The other thing, in one of the pics one of the guys is holding a banner lifted from the Strasser's "Black Front," a form of National Socialism that was much further "left" than Hitler's NSDAP. The notion itself isn't all that bad, really, but they carried it too far. Oh well. Just thought it was interesting that the symbol should show up here.

All my best,

Seth

Brave MP hounded out by intolerant Left.

Well done to Sarah Champion MP for pointing out that England has a problem with

Pakistani men targeting vulnerable white English girls.

Ms Champion, who has campaigned for years about such child grooming in her Rorherham seat, has been forced out by Jeremy Corbyn's officials and has resigned from her post in the shadow cabinet. She has said, "Britain has a problem with Pakistani men raping and exploiting white girls".

It seems Ms Champion was hounded out by an intolerant Left for being brave enough to speak out about grooming gangs.

Let us hope that the good folk of Rotherham remember this treatment of a brave MP and vote for her in greater numbers at the next election.

I hope voters in Corbyn's constituency will also remember it and vote against him for his part in this shabby affair.

NEW BRITISH UNION – NEW BRITISH FASCISM – NEW BRITISH HOPE

Message from NBU Leader to the ordinary members of the EDL

I think people from the EDL who bang on about how lucky we are to live in a democratic society and dismiss Fascism need to take a good look at just where that 'democracy' has got us.

Ex servicemen homeless sleeping on the streets, mass immigration, 2.5 million unemployed, hundreds of thousands on council home waiting lists, failing health care, failing schools, disappearing industry, pensioners freezing to death, families choosing between eating or heating, child poverty at an all time high, the return of TB and Rickets, criminals laughing at the police and judicial system, terrorists beheading people on the streets of London, empty churches, cultural ghettos, no go areas for Britons in their own country, laws made in Brussels, three or four political parties made up of and controlled by multi

millionaire public school boy toffs, illegal wars, invasion of sovereign countries, rising cost of living, falling standard of living, increased suicide rate, high taxes, no hope no future no freedom! In the western world the modern system that uses the term democracy has its roots in our British Parliament system. The reason western media promotes this as being the only form of government, is because it is so easily corruptible for their own purposes. The combination of this with television promotes an image of a candidate or politician that the media bosses want the masses to see, rather than the public seeing whom that candidate really is.

Marching against militant Islam will not change the system, the time, money, effort and passion of decent British people are being directed up a blind ally, the EDL has become a false flag operation, no more than an away day for the decent misguided majority and a money making scam for a dubious minority.

I am not having a go at the everyday supporter of the EDL, their passion and commitment is plain for all to see, but there is no real cohesion, no direction and no discipline in their ranks and thus no threat to the

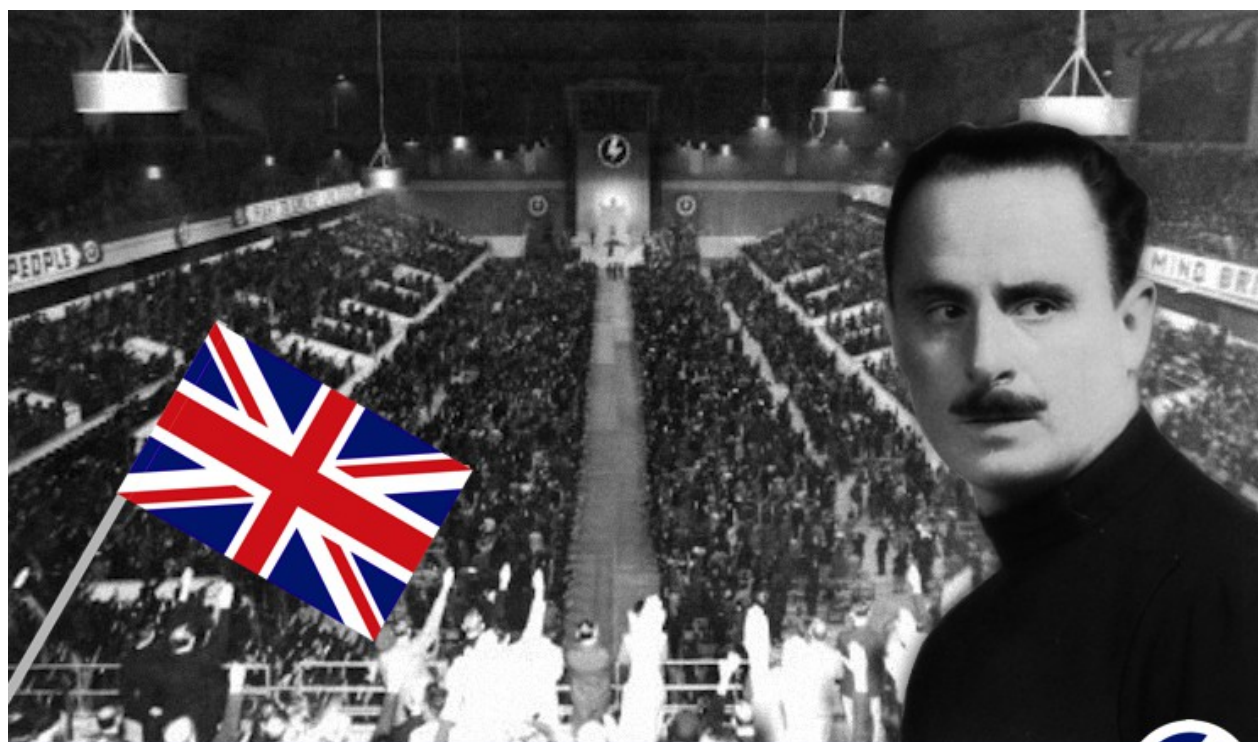

establishment and the political class what so ever.

They want your demonstrations to continue, the police love the overtime, the public's attention is taken off the MP's expenses and allowance scandals, the left have a common enemy to focus their attention on, it is a win-win situation for the establishment, nothing changes, nothing is threatened, sham democracy prevails and keeps you enslaved, and nothing will change until the system itself is changed.

I ask only one thing of you at this time, open your eyes and read the truth, take the time to see what we are actually saying, what we actually believe, what British Fascism is really all about. Fascism is so severely attacked and lied about by the establishment because they fear it. They fear it because it sounds the death toll for the political class and heralds a bright new dawn under the flash and circle for the people of Britain. You owe it to yourself and your comrades, to your kith and kin, to your country, understand new British Fascism and follow the path to enlightenment. People not politicians is much more than just a slogan, help us take the destiny of Britain back into the hands of its people; help us make Britain great again.

IN 1939, SIR OSWALD MOSLEY HELD A RALLY AT EARL'S COURT. 20,000 PEOPLE SHOWED UP TO HEAR HIS VIEWS. HIS VISIONS OF PEACE, PATRIOTISM, SOVEREIGNTY, HOPE, AND A NEW SYSTEM INSPIRED OVER 50,000 PEOPLE TO JOIN HIS STRUGGLE.

THE FOLLOWING YEAR, SIR MOSLEY WAS THROWN IN JAIL, HIS GROUP BANNED, AND EVERYTHING SWEEPED UNDER THE RUG. BECAUSE HE WAS AGAINST THE WAR EFFORT.

AFTER HIS RELEASE, THE AGING MOSLEY HAD LITTLE SUCCESS AS HE TRIED ONCE MORE TO SPREAD HIS MESSAGE IN A POST-WAR BRITAIN.

TODAY, THE NEW BRITISH UNION REPRESENTS THE SAME IDEAS THAT ONCE MADE SIR MOSLEY SO POPULAR. THE QUESTION NOW IS IF YOU ARE READY FOR THEM.

Why I Support The **New British Union**

By Seth Tyrssen

First Party Leader, American Fascist Party
Author, "The New Fascism: An Idea Whose Time Has Come"

hen the American Fascist Party was formed in 2000, it was most strongly influenced by the genius and style of England's Sir Oswald Mosley. The time and location may be different, but his message of peace and progress continues to be both urgent and relevant. Is it strange that an American should take an interest in British matters? Not really. I grew up in the 1960's, when we were bowled over first by the Beatles, then a host of others; and from there, one sort of graduated to the BBC and Doctor Who. Anglophile junkies were gradually hooked on the hard stuff, elaborate costume historical dramas such as "Six Wives of Henry VIII" and "Edward and Mrs. Simpson," as well as even more outrageous sci-fi like "The Prisoner."

We may indeed be, as the late great Bernard Shaw quipped, "two peoples divided by a common language," but we share a common ancestry and heritage. Both our once-great nations are reeling under the savage blows which threaten to crumble both civilizations, and it is only right and logical that we stand in support of the efforts of our Fascist comrades around the world.

Clearly, the New British Union has its philosophy and programs down straight. This is the vital foundation for any success. How will the NBU fare? Hopefully, very well indeed, judging by what I've heard from various members, as well as from NBU Leader Gary Raikes. The words of the past echo down the corridors of time: "The war on want is the war we want!" and "in public life, service; in private life, liberty!" are slogans that still ring true.

Forward to Fascist Victory!

UNITY IN ACTION

We welcome the New British Union to the Nationalist Front, and will add you to our list on the NSM website, and I am cc'ing this email to Matt Heimbach to have his webmaster list NBU on the Nationalist Front website. Give him a couple days to respond, both Matt, Dr. Hill, and I just returned from the battle in Charlottesville and I know I have fielded an entire day of interviews with countless media, and Matt has been doing the same, and tomorrow is the same, with media from Europe coming into Detroit in the next day or two. It will be up on the NSM website listing in the next day or so, and you should hear from Matt when he is caught up on work on his end.

Thank you again, and we welcome and salute our British brothers for the solidarity. Hail Victory!

Democracy means government by pretence

According to the deluded liberal political elite democracy is of divine origin and breaths the spirit of the British race. It has made our country free and great. it bestowed upon us a mighty empire. it steered us through all our troubles and bought us to a safe anchorage in a world of peace!

This of course is nonsense, democracy is but a thing of yesterday. For what is democracy? According to the true democrat it means universal suffrage, or the right of every man and woman to vote for a parliamentary candidate.

But universal suffrage has only come into being since the first world war, and unqualified male suffrage some 120 years ago, while prior to the first Reform Act of 1832, the majority of the populace had no vote at all. Are we then to assume that our freedom, our rights, our privileges, and our once great empire only came into existence during the last 200 years. What we may ask, of the centuries which went before? Is Magna Charta a myth? is the glorious reign of Elizabeth a fairy tale? Are the great events which appear throughout our long, long history as unsubstantial as

those of Greece in the age of Troy? Of course, no sane person believes that suffrage, universal or partial, played any great part in the story of our race.

Democracy means government by pretence. This pretence has its roots in the House of Commons, which pretends to represent not only that section of the people who voted for them, but also those who voted against, the latter strangely enough sometimes out numbering the former. Then the cabinet pretends to represent Parliament, and this no one believes. But as pretence is an unseemly word democracy has been substituted for it.

So democracy pretends to be loyal to Queen and Country but allows aliens and communists to deride the Queens majesty and flout the Flag. Afraid to crush sedition it pretends that such is merely a manifestation of the right of free speech.

Democracy sacrifices honour to cowardice, loyalty to sedition, prosperity to alien finance and with acclamation, sacrifices freedom on the alter of Red Tape. Fascism is the future!

VOICE OF AMERICA

A short history lesson

In 732 AD the Muslim Army which was moving on Paris was defeated and turned back at Tours, France, by Charles Martell.

...in 1571 AD the Muslim Army/ Navy was defeated by the Italians and Austrians as they tried to cross the Mediterranean to attack southern Europe in the Battle of Lepanto.

...in 1683 AD the Turkish Muslim Army, attacking Eastern Europe, was finally defeated in the Battle of Vienna by German and Polish Christian Armies.

...this crap has been going on for 1,400 years and half of the damn politicians don't even know it !!!

...if these battles had not been won we might be speaking Arabic and Christianity could be non-existent; Judaism certainly

would be... And let us not forget that Hitler was an admirer of Islam and that the Mufti of Jerusalem was Hitler's guest in Berlin and raised Bosnian Muslim SS Divisions: the 13th and 21st Waffen SS Divisions who killed Jews, Russians, Gypsies, and any other "subhumans".

...in 1783 AD when the British Colonies that would become the United States of America gained independence from Great Britain, 5 Muslim countries of North Africa declared war on our newly independent nation, hijacking and kidnapping merchant sailors and selling them for ransom, or into slavery. When the United States of America was established, we were forced to pay extortion fees amounting to 20 – 25% of our federal budget to those Muslim countries to keep them from their hijacking and kidnapping. It took two administrations, Washington

and Adams, to build a sufficient Navy so that President Jefferson, in 1805, could send the Navy and Marines to conquer Tripoli and end the piracy. Islam has been at war with the USA since our founding.

Reflecting

A lot of Americans have become so insulated from reality that they imagine that America can suffer defeat without any inconvenience to themselves.

Pause a moment, reflect back. These events are actual events from history. They really happened!!

Do you remember?

1. In 1968, Bobby Kennedy was shot and killed by a Muslim male.

2. In 1972 at the Munich Olympics, athletes were kidnapped and massacred by Muslim males.

3. In 1972 a Pan Am 747 was hijacked and eventually

NEW BRITISH UNION – NEW BRITISH FASCISM – NEW BRITISH HOPE

diverted to Cairo where a fuse and crashed by the
was lit on final approach, it
was blown up shortly after
landing by Muslim males.

4. In 1973 a Pan Am 707 was destroyed in Rome , with 33 people killed, when it was attacked with grenades by Muslim males.

5. In 1979, the US embassy in Iran was taken over by Muslim males.

6. During the 1980's a number of Americans were kidnapped in Lebanon by Muslim males.

7. In 1983, the US Marine barracks in Beirut was blown up by Muslim males.

8. In 1985, the cruise ship Achille Lauro was hijacked and a 70 year old American passenger was murdered and thrown overboard in his wheelchair by Muslim males.

9. In 1985, TWA flight 847 was hijacked at Athens , and a US Navy diver trying to rescue passengers was murdered by Muslim males.
10. In 1988, Pan Am Flight 103 was bombed by Muslim males.

11. In 1993 , the World Trade Center was bombed the first time by Muslim males.

12. In 1998, the US embassies in Kenya and Tanzania were bombed by Muslim males.

13. On 9/11/01, four airliners were hijacked; two were used as missiles to take down the World Trade Centers and of the remaining two, one crashed into the US Pentagon and the other was diverted

passengers. Thousands of people were killed by Muslim males.

14. In 2002, the United States fought a war in Afghanistan against Muslim males.

15. In 2002, reporter Daniel Pearl was kidnapped and beheaded by---you guessed it---a Muslim male.

16. In 2013, Boston Marathon Bombing 4 Innocent people including a child killed, 264 injured by Muslim males.

17. In 2014, thousands of Christian men, women, and children are slaughtered, defiled, and beheaded by Muslim males.

No, I really don't see a pattern here to justify profiling, do you?

So, to ensure we Americans never offend anyone, particularly fanatics intent on killing us, airport security screeners will no longer be allowed to profile certain people.

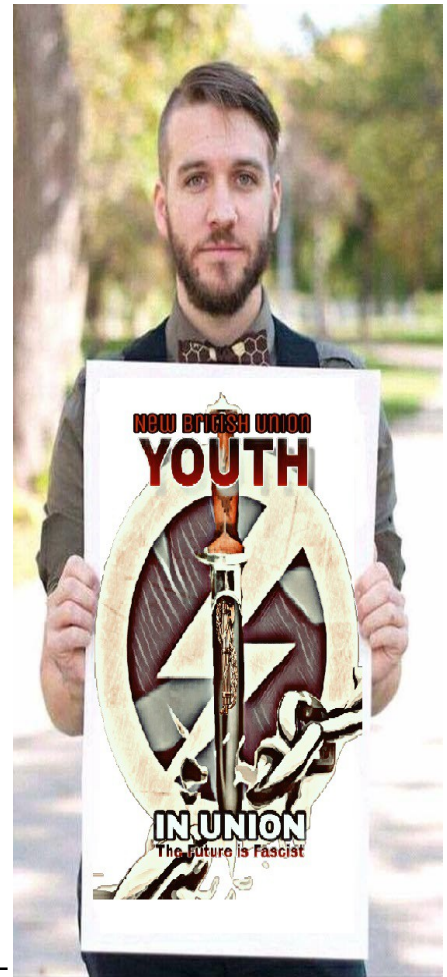

Absolutely No Profiling!

Instead, they must conduct random searches of 80-year-old women, little kids, airline pilots with proper identification, secret agents who are members of the President's security detail, 85-year olds, Congressmen with metal hips, and Medal of Honor winner and former Governor Joe Foss, BUT leave Muslim Males alone lest airport security be guilty of

profiling.

Have the American people completely lost their Minds, or just their Power of Reason?

As the writer of the award winning story 'Forrest Gump' so aptly put it, 'Stupid Is As Stupid Does'.

NEW BRITISH UNION – NEW BRITISH FASCISM – NEW BRITISH HOPE

REAL BRITISH DEFENCE

As has become unfortunately obvious in light of recent events in London and Manchester, and the increased threat of extremist violence in nearly every town and city in this land, it is becoming obvious that the major threat to our country, families and way of life is not from any foreign land, but from within our borders.

Despite the sound bites of the so-called "main parties" it is blatantly obvious that they cannot protect the British people in their own homeland.

There are many reasons for this.

1. The intelligence services and police are incapable of fighting this battle on equal terms with the extremists due to stringent restrictions forced upon them by politicians and a totally out of touch judiciary.

1. The law-abiding citizenry of this country are afraid of reporting concerns for fear of being branded a bigot or a fascist.

2. Our world leading experts in counter terrorism and internal

security are tied up in foreign lands, fighting wars with that are of no concern to this country but purely in the interests of the political classes and the merchant banks.

3. Deliberate lies and misinformation from the politicians as to the real threat this country faces from dissidents already ensconced in British communities and the failure to apprehend and expel such "terror cells" quickly.

threat to this nation or one of our dependencies occurs should our armed services be deployed abroad.

4. Use the extremely skilled experts currently working in foreign lands for foreign governments to root out all enemies of our way of life and imprison or expel them before any citizen is hurt or injured in any way. Prevention is better than cure!!

To counteract this threat, we must introduce the following policies:

1. Ensure the British judiciary act purely in the British interest without any foreign interference.

2. Re introduce true free speech in this nation where any citizen can express his concerns or issues without the threat of media assassination or being labelled.

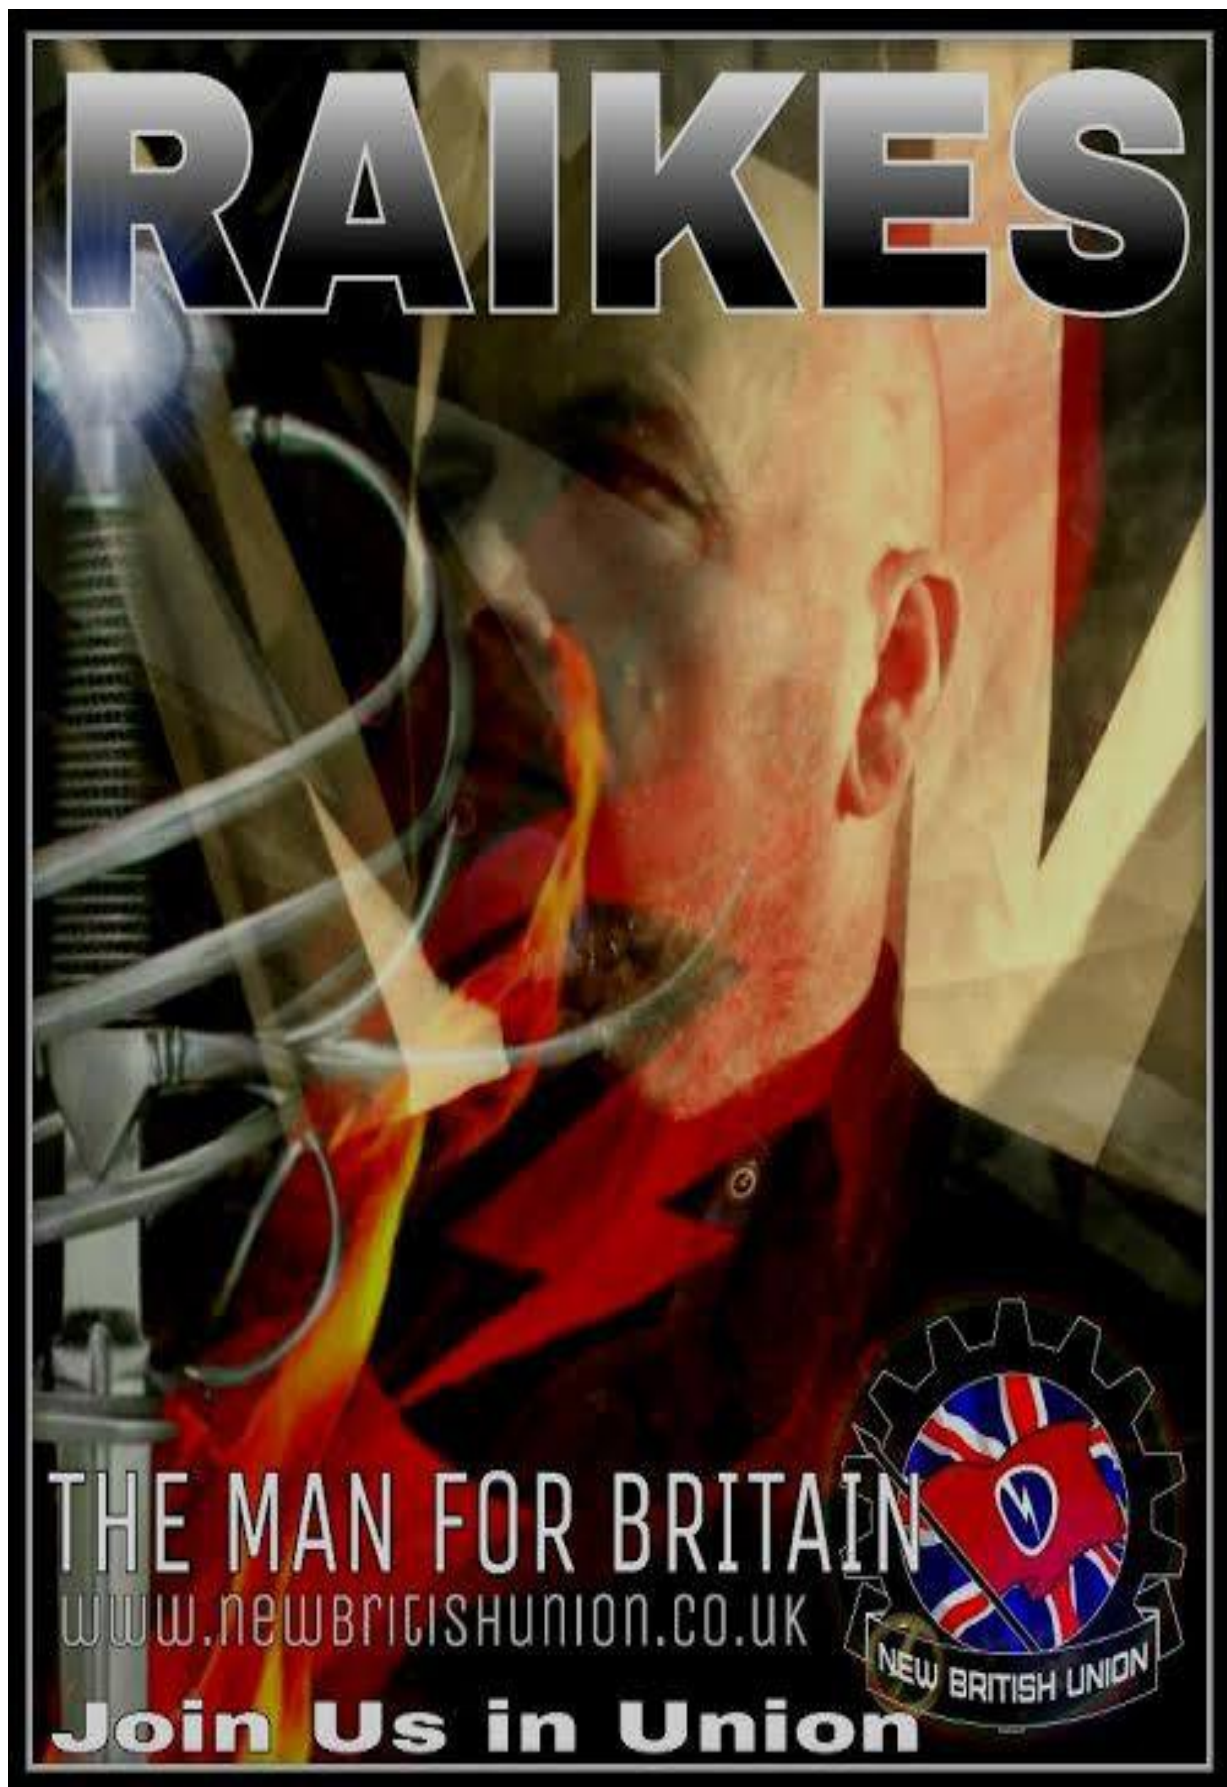

3. Get our lads home! Our defence forces to remain in our country.

Only when a direct

Surely the whole remit of our defence forces must be that they defend the British first and last. We must stop fighting other countries wars for them, sacrificing British blood for the wealth and power of politicians and merchant banks that are totally indifferent to the welfare of our nation.
